SUMMARY

Systems Engineer Trainee building a strong foundation in AI-assisted and agentic development workflows, cloud fundamentals, and enterprise-grade full-stack development. Hands-on experience with React, Next.js, Tailwind CSS, and JavaScript on the frontend, Node.js and REST APIs on the backend, and growing expertise in Microsoft Azure, Microsoft MSAL authentication, and Claude Code-driven prompt engineering. Familiar with DBMS, OOPs, Operating Systems, and Computer Networks.

TECHNICAL SKILLS

- **Languages:** Python, JavaScript (ES6+), SQL
- **Frontend:** HTML5, CSS3, Tailwind CSS, React, Next.js, Redux, Responsive Design, UI/UX, Web Accessibility (WCAG 2.1)
- **Backend:** Node.js, REST APIs, CRUD Operations
- **Databases:** MySQL, MongoDB, DBMS
- **Core CS Fundamentals:** Object-Oriented Programming (OOPs), Operating Systems (OS), Computer Networks (CN), Data Structures & Algorithms
- **Cloud & Authentication:** Microsoft Azure Fundamentals, Microsoft MSAL, React Authentication Integration
- **BI & Analytics:** Power BI, DAX, Dashboard Development, KPI Analytics, Data Cleaning, Report Generation
- **Productivity & Office Tools:** MS Excel, MS Word, MS PowerPoint
- **AI Tools & Productivity:** ChatGPT, Gemini AI, Claude AI, Claude Code, GitHub Copilot, Prompt Engineering, AI-assisted Development
- **Tools & Practices:** Git, GitHub, VS Code, Agile SDLC, Version Control, Problem Solving, Debugging

PROFESSIONAL EXPERIENCE

Systems Engineer Trainee | Surelia Infosystems Private Ltd.

Aug 2026 – Present

- Undergoing structured training in Claude Code and prompt engineering to build proficiency in AI-assisted, agentic development workflows
- Completing hands-on modules in Next.js, Microsoft Azure Fundamentals, and the Azure practical guide to strengthen full-stack and cloud development skills
- Learning Microsoft MSAL and React-based authentication integration to build secure, enterprise-ready web applications

Web Developer Intern | Webstack Academy

Sep 2025 – Nov 2025

- Developed and shipped 10+ responsive web pages/components for a hotel management and booking website using HTML, CSS, JavaScript, React, and Tailwind CSS with a mobile-first design approach
- Integrated 5+ REST API endpoints and Node.js commands to connect frontend components with pre-built backend services for hotel listing, booking, and user interaction workflows
- Improved cross-device compatibility across desktop, tablet, and mobile, reducing UI inconsistencies across 10+ components through iterative testing and interface optimization

PROJECTS

EduBridge - Unified Learning Platform | HTML, CSS, Tailwind CSS

Dec 2025 – May 2026

- Developed the frontend of a centralized learning platform with 10+ reusable UI components using HTML, CSS, and Tailwind CSS
- Designed structured, subject-wise navigation across 5+ categorized modules, improving content discoverability and accessibility
- Applied accessibility-focused, performance-oriented practices to ensure responsive cross-browser compatibility across 3+ device breakpoints

SwasthyaSetu - Health Education Platform | HTML, CSS, Tailwind CSS

Dec 2025 – May 2026

- Built the frontend for a health awareness platform, delivering structured informational content across 8+ pages
- Created responsive layouts and 10+ clean UI components using Tailwind CSS, improving readability and engagement
- Applied accessibility and user-centric design practices to enhance navigation, usability, and overall cross-device consistency

SkillSwap - Peer-to-Peer Skill Exchange Platform | HTML, CSS, Tailwind CSS

Dec 2025 – May 2026

- Designed and developed a responsive frontend with 10+ UI components for a peer-to-peer skill exchange platform
- Built structured layouts for skill listings and categorized profiles, streamlining 3+ core interaction workflows
- Improved usability through organized component structuring and accessibility-oriented design principles

EDUCATION

Dr. Sudhir Chandra Sur Institute of Technology & Sports Complex

Kolkata, India

Bachelor of Technology — Electronics and Communication Engineering (CGPA: 7.93 / 10)

2022 – Present

• **Higher Secondary (CBSE — PCM + CS) (75.8%)**

2020 – 2022

• **ICSE (Class X) (91.3%)**

2018 – 2020

CERTIFICATIONS

- **AI Foundations Associate | Oracle Cloud Infrastructure (98%)**
- **Power BI for Business Applications | Microsoft Elevate**
- **Web Development Training | Webstack Academy**
- **Claude Code: The Practical Guide**
- **Claude Code Masterclass: Code 5x Faster with Agentic AI**
- **Free Python Course | GeeksforGeeks**
- **Career Essentials in Software Development | Microsoft & LinkedIn**
- **Python Programming | Reliance Foundation**
- **Introduction to Programming | freeCodeCamp (IBM SkillsBuild)**

ACHIEVEMENTS & LEADERSHIP

- **Unstop Talent Awards 2026** | Recognized for contributions to talent ecosystem insights
- **TATA Crucible Campus Quiz 2025** | Possible qualifier of second prelims level round
- **Hackathon Participation** | Participated in Smart India Hackathon (SIH) twice during 2023 and 2024, collaborating on problem-solving, innovation, and team-based software development
- **Data Structures and Algorithms** | Solved 100+ DSA problems on LeetCode focusing on arrays, recursion, and dynamic programming
